REQUEST FOR QUOTATIONS FOR PROFESSIONAL ENGINEERING SERVICES

**MARION HEIGHTS BOROUGH
MARION HEIGHTS STORMWATER IMPROVEMENTS
BRUNSWICK STREET, MARION HEIGHTS, PA
NORTHUMBERLAND COUNTY, PENNSYLVANIA**

Quotations Solicited by:

Tonia Troup
201 Furnace Street
Lewisburg, PA 17837
(570) 524-4491

REQUEST FOR QUOTATIONS

The Borough of Marion Heights is requesting quotations for the purchase of professional Engineering services. These services include all necessary design and specifications for the bidding of and contracting for the Marion Heights Stormwater Improvements project. Complete quotation details, including the required quotation format, may be obtained by contacting:

Tonia Troup, Project Coordinator
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

Quotation details are also available at www.seda-cog.org – News, Notices, Publications.

Quotations will be accepted until 11:00 AM prevailing time, July 8, 2025, at which time they will be publicly opened at the Marion Heights Borough office. Quotations shall be on the forms required, sealed and clearly marked on the outside, "Engineering Services Quotation – Marion Heights," and submitted to:

Tonia Troup, Project Coordinator
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

or

Tonia Troup, Project Coordinator
Marion Heights Borough Office
224 E North Street
Marion Heights, PA 17832

Quotations that are faxed or e-mailed to SEDA-COG or the Borough cannot be accepted.

**REQUEST FOR QUOTATIONS
MARION HEIGHTS BOROUGH
BRUNSWICK STREET
MARION HEIGHTS, PA 17832
MARION HEIGHTS STORMWATER IMPROVEMENTS**

The Borough of Marion Heights, proposes to use a recently approved Community Development Block Grant to improve stormwater drainage on Brunswick Street. The following narrative outlines the major responsibilities of the proposers. These responsibilities include the entire project from design to final inspection. It should be recognized by all proposers that the Scope of Services included herewith might exclude some minor, incidental Engineering responsibilities not currently identifiable.

Quotations shall include the attached "Standard Engineering Estimate" and be submitted to:

Tonia Troup, Project Coordinator
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

or

Tonia Troup, Project Coordinator
Marion Heights Borough Office
224 E North Street
Marion Heights, PA 17832

All quotations shall be sealed and clearly marked on the outside, "Engineering Services Quotation- Marion Heights," and must be received by 11:00 AM, prevailing time, July 8, 2025, at which time they will be publicly opened at the Marion Heights Borough office.

Questions regarding this quotation should be directed to:

Tonia Troup, Project Coordinator
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837
570-524-4491
ttroup@seda-cog.org

PROJECT DESCRIPTION

In times of heavy rainfall, the intersections of Brunswick Street with Melrose, Fern, and Warsaw Streets on the east side of the roadway flood. Water runs down Brunswick to Oak Street at the southern boundary of the borough and backs up onto Melrose, Fern, and Warsaw Streets as well. In times of heavy rain, as much as 5" of rain accumulates in these roadways.

The Borough will use CDBG funding to install a new stormwater drainage system consisting of a new inlet box at the southeast intersection of Brunswick and Melrose and at the southeast corner of Brunswick and Fern. Drainage pipes will be installed connecting the two new inlets with an existing inlet at the southeast corner of Brunswick and Warsaw Streets.

In conjunction with the stormwater drainage, the Borough wants to remediate four curb cuts and remove current architectural barriers. The curb cuts will include truncated domes. All work performed will be in accordance with the Department's Guidance for the Removal of Architectural Barriers.

PROJECT DESIGN

The Engineer shall prepare all necessary design plans, drawings and specifications to be used for the construction of the improvements and should therefore be complete in detail and contain all necessary information. Drawings shall conform with standard professional practice and consist of all architectural and engineering drawings, including profiles and sections, plot, and site plans, and all else necessary to illustrate the interest and scope of the work. Working drawings shall be prepared for structural, hydraulic, mechanical, electrical, and all other branches of the construction work.

The Engineer shall investigate any existing systems affected by the proposed project, identifying options, and advising the Borough in the most appropriate method of modifying the systems as part of the design of this project. Plans and specifications shall be developed in such a manner to delete and add segments should the project costs be over or under budget.

1. All permits, plans, or surveys which may be necessary to define the scope of the work or for the performance of the project shall be the responsibility of the Engineer. The quotation shall include a list of those permits currently anticipated as necessary, identifying actual permit fees which shall be paid by the Engineer as a component of their project quotation. Survey work required for easements/rights-of-way is not a part of this quotation. Federal Environmental Reviews, State Historic Preservation Office Review, and Archaeological Reviews are not a part of this quotation.

Assistance from the Engineer is necessary for SEDA-COG and the Borough Council to fully understand the project, and therefore, meeting attendance is of high importance. Accordingly, this quotation shall include four (4) design phase meetings, as well as four (4) preconstruction meetings (as noted below), at which the Engineer is expected to be in attendance. These meetings shall be conducted during the design and construction specifications phase at the convenience of council, and shall include the following:

- Design phase meetings
 - A kick-off meeting
 - Two (2) development meetings
 - A meeting to present the final design and receive approval to advertise
 - Preconstruction meeting(s) – (Engineer will coordinate and prepare meeting agenda w/ minutes.)
 - Pre-bid meeting (optional)
 - Bid Opening (Engineer will prepare bid tabulation form)
 - Award – (Engineer will make formal recommendation to award)
 - Preconstruction Conference
2. Marion Heights Borough Council may request, and the Engineer may suggest, additional meetings. Accordingly, proposers should indicate their intention to do so in the narrative of their quotation. Any cost associated with additional meetings shall be included on the standard Engineers Estimate form.
 3. A project design schedule must be included as part of this quotation indicating key milestones and dates of completion. All final plans and specifications must be submitted for approval by the Borough. In addition, the Engineer must provide a list of sub consultants, if applicable, for approval by council. It is the intention of Marion Heights to advertise for construction bids on or before August. It is understood that changes in the project scope or nature may affect this schedule.
 4. Upon completion of the preliminary design, and again when requesting approval of the final design, the Engineer shall prepare and provide to Borough Council an opinion of probable construction costs, either as a lump sum or utilizing the itemized bid schedule if a line-item construction bid is proposed.

PREPARATION OF DOCUMENTS AND COORDINATION OF BIDDING

The Engineer shall prepare all construction contract documents, including but not limited to bid schedule, bond forms (bid, performance, payment), construction specifications and agreements, compliance forms,

etc. The Engineer shall be responsible for coordinating the bidding process, including printing, and distributing up to ten (10) sets of bid documents, publishing the required advertisements, fulfilling all requirements outlined in the Engineer's Memo, which will be provided prior to bidding, and management of any required deposits or payments. Costs for this portion of the work shall be borne by the Engineer except that the actual costs for legal advertisements will be reimbursed by the Borough of Marion Heights. Insofar as federal CDBG monies are being used in the project, forms and procedures meeting the requirements of the PA Department of Community and Economic Development shall be used in the contracting documents. SEDA-COG shall facilitate this process by providing model bidding documents for use by the Engineer.

In addition, the Engineer will assist the solicitor throughout the project including, but not limited to, the preparation of documents involving engineering matters and preparation of contract documents for the solicitor's opinion, a review of the bid documents, conformity with the specifications, and requirements, as well as a formal recommendation of bid award. The Engineer is also responsible for managing the construction contract award process, including issuance of the Notice of Intent to Award, execution of the agreements, Award, Notice of Start of Construction, Substantial Completion, Final Inspection, and Completion.

CONSTRUCTION SUPERVISION

The Engineer is expected to furnish customary engineering advice and assistance necessary to enable Marion Heights Borough to readily understand the project. The Engineer shall visit the construction site to observe progress and quality of work, to determine if work is proceeding in accordance with contract documents, to keep the Borough Council informed of progress, to guard against defects and deficiencies, and to disapprove work not in conformance with contract documents. The Engineer shall serve as the Borough's representative at the project site, issuing all instructions to the contractors and preparing any change orders.

The Engineer will check and approve samples, schedules, shop drawings, catalogue data, laboratory, shop and mill tests of materials and equipment, and other data which contractors are required to submit to ensure conformity with project design, concept, and requirements. The Engineer, in accordance with accepted professional standards and practice, shall review contractors' payment requests and approve, in writing, payment to the contractors in such amounts. The Engineer will also conduct, in the company of the owner and the contractor, a final inspection of the project for conformity with design, concept, and contract documents. When the project is complete, the Engineer will correct all drawings to show construction and installation as actually accomplished and will furnish one set of full size "As Built" prints and one electronic copy to the Borough.

These services, to be provided by the Engineer, do not infer resident inspection services. The Engineer is expected to visit the project site during construction and conduct a final inspection at project completion. Comprehensive design, inspection of work and compliance with specifications is of utmost importance to a successful and timely project completion. Accordingly, the Engineer shall indicate what frequency field visits will be provided. As a part of this quotation, it is the Engineer's responsibility to estimate the project duration in order to calculate the number of construction supervision site visits. Should the project take less or more time than anticipated, no adjustment to the costs for project supervision will be considered.

ADDITIONAL SERVICES OF ENGINEER

Where participating state and/or federal agencies require reports relating to construction, the Engineer shall prepare and submit such reports and shall assist in any negotiations with these or other agencies as is necessary for final approval.

TERMS OF PAYMENT

The Engineer will be required to enter into a written Professional Services Agreement with Marion Heights Borough, which will incorporate the information contained in this Request for Quotations. The Engineer will agree to a lump sum fee, which shall include all costs associated with the services outlined herein. Costs sometimes separately billed as reimbursable costs shall be declared and included in the lump sum amount of this quotation. Payment shall be made to the Engineer on a monthly basis.

Invoices shall be provided setting forth the percentage of work completed to date, establishing the amount due based on the percentage completed, less any previous amounts. Payment shall be expressly contingent upon receipt of funds from the Department of Community and Economic Development.

MBE/WBE GOALS

It is the public policy of Marion Heights Borough, to promote the opportunity for full participation by Minority and Women's Business Enterprises ("MBE's" and "WBE's") business concerns in all projects receiving federal funds from the United States Department of Housing and Urban Development which are administered by the Pennsylvania Department of Community and Economic Development.

Marion Heights has established a Minimum Participation Level (MPL) of five percent (5%) for Minority Business Enterprises and three percent (3%) for Women Business Enterprises participation on projects with CDBG, ESG, and/or HOME funding.

SECTION 3 GOALS

Section 3 24 CFR Part 135 has been updated to the New Rule, 24 CFR Part 75. The New Rule for Section 3, 24 CFR Part 75, is applicable for projects for which the total amount of federal assistance is greater than \$200,000. Section 3 does not apply to professional services; however, you are still encouraged to follow Northumberland County's Section 3 Action Plan for Section 3 and Targeted Section 3 Labor Hours. The new 24 CFR Part 75 rule does apply to construction contracts and the professional service provider is expected to assist with facilitation of these efforts for compliance. Professional Service firms who hire Section 3 or Targeted Section 3 workers can count those labor hours as Section 3, or Targeted Section 3, but should be excluded from the total number of labor hours. Benchmarks are only qualified as being met if Section 3 Laborer Hours = 25%, and Targeted Section 3 Labor Hours = 5% of the total number of labor hours.

QUOTATION SUBMISSION AND EVALUATION

Three (3) copies of the quotation must be submitted to:

Tonia Troup, Project Coordinator
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

Quotations must be received no later than 11:00 AM prevailing time, July 8, 2025. **Quotations that are faxed or e-mailed to SEDA-COG cannot be accepted.**

Quotations will be reviewed and evaluated by the Marion Heights Borough Council. The evaluation will include the following areas in order of relative importance:

- Adequacy of quotation in the terms of addressing the needs that are set forth in the Request for Quotations.
- Relevant experience and past performance.
- Quality of previous work.
- Adequacy of resources/record of completing projects on time.
- Cost.
- Proposer's commitment to the obligations of Minority Owned Business Enterprises and Women Owned Business Enterprises Action Plan.

Note: Cost is only one of several criteria to be considered in evaluating quotations. According SEDA-COG will not publish quotation cost summaries. Proposers are, however, invited to attend the opening.

REQUIRED INFORMATION

Each proposer shall provide all the information herein requested. Further, no quotation will be considered unless the attached Standard Form is completed in its entirety.

Each proposer shall provide a minimum of two references where similar engineering services have been performed during the past three years. These projects should be similar in design and scope. If the proposer is an MBE/WBE business concern, a certification form shall be submitted with the bid attesting to the firm's status as such. Firms may be requested to sit for interviews and/or negotiation of contract terms and fees prior to contract award.

If any part of the project is subcontracted, requires purchases for services, or requires hiring of additional employees, the proposers must submit documentary evidence of MBE/WBE business concerns who have

been contacted and/or to whom commitments have been made. If no solicitation was made to MBE/WBE's business concerns or residents, please indicate the reason(s). If there is no need for additional employees or trainees, or no need to contract for work, then the MBE/WBE requirements are not triggered.

Marion Heights Borough Council reserves the right to accept or reject any and all quotations or to waive any irregularities.

Professional Liability Insurance is required for this project. Please indicate the level of coverage provided.

MINORITY AND WOMEN BUSINESS ENTERPRISE BIDDER CERTIFICATION

The submittals of each bidder are subject to review to determine whether the bidder has discriminated in the selection of manufacturers, subcontractors and suppliers. If a bidder has met the goals for MBE/WBE participation, the bidder will be presumed not to have discriminated in their selections.

Where the goals are not met, the below statements, if accurate, shall be certified by the bidder:

1. The limited number or no commitment to MBEs/WBEs was not motivated by consideration of race or gender.
2. MBEs/WBEs were not treated less favorably than other businesses in the contract solicitation and commitment process.
3. Solicitation and commitment decisions were not based upon policies which disparately affect MBEs/WBEs.

By signing below, I certify that the above statements are true and accurate.
