REQUEST FOR QUOTATIONS

Newport Borough is requesting quotations for the purchase of Professional Engineering Services. These services include all necessary design and specifications for the bidding of and contracting for the Newport Borough Curbs and Sidewalks SR0849 project in Newport Borough, Perry County. Complete quotation details, including the required quotation format, may be obtained by contacting:

Michelle Koslap, Program Analyst
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

Quotation details are also available at www.seda-cog.org – News, Notices, Publications.

Quotations will be accepted until 2:00 p.m. prevailing time, September 30, 2025, at which time they will be publicly opened at SEDA-Council of Governments, 201 Furnace Road, Lewisburg, PA 17837. Quotations shall be on the forms required, sealed and clearly marked on the outside, "**Newport Borough Engineering Services Quotation**," and submitted to:

Michelle Koslap, Program Analyst
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

Quotations that are faxed or e-mailed to SEDA-COG cannot be accepted.

**REQUEST FOR QUOTATIONS
FOR
PROFESSIONAL ENGINEERING SERVICES**

**ENGINEERING, DESIGN AND BIDDING
COMMUNITY DEVELOPMENT BLOCK GRANT**

NEWPORT BOROUGH CURBS AND SIDEWALKS SR0849

Newport Borough proposes to use a Community Development Block Grant to reconstruct deteriorated curbs and sidewalks along SR-0849 (North 4th Street), beginning at Fickes Lane and ending at Market Street. The following narrative outlines the major responsibilities of the proposers. These responsibilities include the entire project from design to final inspection. It should be recognized by all proposers that the Scope of Services included herewith might exclude some minor, incidental Engineering responsibilities not currently identifiable.

Quotations shall include the attached "Standard Engineering Estimate" and be submitted to:

Michelle Koslap, Program Analyst
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

All quotations shall be sealed and clearly marked on the outside, "**Newport Borough Engineering Services Quotation**," and must be received by 2:00 p.m., prevailing time, September 30, 2025, at which time they will be publicly opened at SEDA-Council of Governments, 201 Furnace Road, Lewisburg, PA 17837.

Questions regarding this quotation should be directed to:

PROJECT DESCRIPTION

Newport Borough is planning to reconstruct deteriorated curbs and sidewalks along SR-0849 (North 4th Street), beginning at Fickes Lane and ending at Market Street. The existing infrastructure is in poor condition, with sections that are crushed, missing, or leaning into the roadway, creating accessibility challenges for residents. This project aims to restore safe and functional pedestrian pathways by replacing damaged curbs and sidewalks, thereby improving mobility and enhancing the overall streetscape.

PROJECT DESIGN

The Engineer shall prepare all necessary design plans, drawings and specifications in accordance with PennDOT Publication 740 to be used for the construction of the improvements and should therefore be complete in detail and contain all necessary information. Drawings shall conform with standard professional practice and consist of all architectural and engineering drawings, including profiles and sections, plot, and site plans, and all else necessary to illustrate the interest and scope of the work. Working drawings shall be prepared for structural, hydraulic, mechanical, electrical, and all other branches of the construction work.

The Engineer shall investigate any existing systems affected by the proposed project, identifying options, and advising Newport Borough in the most appropriate method of modifying the systems as part of the design of this project. Plans and specifications shall be developed in such a manner to delete and add segments should the project costs be over or under budget.

1. All permits, plans, or surveys which may be necessary to define the scope of the work or for the performance of the project shall be the responsibility of the Engineer. The quotation shall include a list of those permits currently anticipated as necessary, identifying actual permit fees which shall be paid by the Engineer as a component of their project quotation. Survey work required for easements/rights-of-way is not a part of this quotation. Federal Environmental Reviews, State Historic Preservation Office Review, and Archaeological Reviews are not a part of this quotation.

Assistance from the Engineer is necessary for SEDA-COG and Newport Borough to fully understand the project, and therefore, meeting attendance is of high importance. Accordingly, this quotation shall include four (4) design phase meetings, as well as four (4) preconstruction meetings (as noted below), at which the Engineer is expected to be in attendance. These meetings shall be conducted during the design and construction specifications phase at the convenience of Newport Borough, and shall include the following:

- Design phase meetings
- A kick-off meeting
- Two (2) development meetings
- A meeting to present the final design and receive approval to advertise
- Preconstruction meeting(s) – (Engineer will coordinate and prepare meeting agenda w/ minutes.)
- Pre-bid meeting (optional)
- Bid Opening (Engineer will prepare bid tabulation form)
- Award – (Engineer will make formal recommendation to award)
- Preconstruction Conference

2. Newport Borough may request, and the Engineer may suggest, additional meetings. Accordingly, proposers should indicate their intention to do so in the narrative of their quotation. Any cost associated with additional meetings shall be included on the standard Engineers Estimate form.
3. A project design schedule must be included as part of this quotation indicating key milestones and dates of completion. All final plans and specifications must be submitted for approval by Newport Borough or its agent, SEDA-COG. In addition, the Engineer must provide a list of subconsultants, if applicable, for approval by Newport Borough or its agent, SEDA-COG. It is the intention of Newport Borough to advertise for construction bids on or before February 2, 2026. It is understood that changes in the project scope or nature may affect this schedule.
4. Upon completion of the preliminary design, and again when requesting approval of the final design, the Engineer shall prepare and provide to Newport Borough and its agent, SEDA-COG, an opinion of probable construction costs, either as a lump sum or utilizing the itemized bid schedule if a line-item construction bid is proposed.

PREPARATION OF DOCUMENTS AND COORDINATION OF BIDDING

The Engineer shall prepare all construction contract documents, including but not limited to bid schedule, bond forms (bid, performance, payment), construction specifications and agreements, compliance forms, etc. The Engineer shall be responsible for coordinating the bidding process, including printing, and distributing up to ten (10) sets of bid documents, publishing the required advertisements, fulfilling all requirements outlined in the Engineer's Memo, which will be provided prior to bidding, and management of any required deposits or payments. Costs for this portion of the work shall be borne by the Engineer except that the actual costs for legal advertisements will be reimbursed by Newport Borough. Insofar as federal CDBG and Pennsylvania Department of Transportation (PennDOT) monies are being used in the project, forms and procedures meeting the requirements of the PA Department of Community and Economic Development and PennDOT shall be used in the contracting documents. SEDA-COG shall facilitate this process by providing model bidding documents for use by the Engineer. The construction bidding will also be required to go through PennDOT's Engineering and Construction Management System (ECMS). The Engineer shall work with PennDOT's project manager to ensure compliance with their construction bidding process on ECMS.

In addition, the Engineer is responsible for coordinating with PennDOT for the issuance of all required document throughout the project including, but not limited to, the preparation of documents involving engineering matters and preparation of contract documents for the solicitor's opinion, a review of the bid documents, conformity with the specifications, and requirements, as well as a formal recommendation of bid award. The Engineer is also responsible for coordinating with PennDOT to manage the construction contract award process, including issuance of the Notice of Intent to Award, execution of the agreements, Award, Notice of Start of Construction, Substantial Completion, Final Inspection, and Completion. Copies of these documents will be provided to Newport Borough and its agent, SEDA-COG.

CONSTRUCTION SUPERVISION AND INSPECTION

The Engineer is expected to furnish customary engineering advice and assistance necessary to enable Newport Borough and its agent, SEDA-COG, to readily understand the project. The Engineer shall visit the construction site to observe progress and quality of work, to determine if work is proceeding in accordance with contract documents, to keep Newport Borough and its agent, SEDA-COG, informed of

progress, to guard against defects and deficiencies, and to disapprove work not in conformance with contract documents. The Engineer shall serve as Newport Borough's representative at the project site, issuing all instructions to the contractors and preparing any change orders.

The Engineer will check and approve samples, schedules, shop drawings, catalogue data, laboratory, shop and mill tests of materials and equipment, and other data which contractors are required to submit to ensure conformity with project design, concept, and requirements. The Engineer, in accordance with accepted professional standards and practice, shall review contractors' payment requests and approve, in writing, payment to the contractors in such amounts. The Engineer will also conduct, in the company of the owner and the contractor, a final inspection of the project for conformity with design, concept, and contract documents. When the project is complete, the Engineer will correct all drawings to show construction and installation as actually accomplished and will furnish one set of full size "As Built" prints and one electronic copy to Newport Borough and its agent, SEDA-COG.

These services, to be provided by the Engineer, include resident inspection services. The Engineer is expected to be onsite during construction activities. Comprehensive design, inspection of work and compliance with specifications are of utmost importance to successful and timely project completion. The Construction Inspector must be pre-approved by the Department and is expected to be onsite to conduct project inspection whenever the contractor is actively working. The pre-bid construction schedule will be prepared as part of the bid package and will be used to calculate the number of hours and costs required for construction inspection. The Construction Inspection agreement will be managed through ECMS. A Borough representative will be assigned to manage the Construction Inspector.

ADDITIONAL SERVICES OF ENGINEER

Where participating state and/or federal agencies require reports relating to construction, the Engineer shall prepare and submit such reports and shall assist in any negotiations with these or other agencies as is necessary for final approval.

TERMS OF PAYMENT

The Engineer will be required to enter into a written Professional Services Agreement with the Newport Borough, which will incorporate the information contained in this Request for Quotations. The Engineer will agree to a lump sum fee, which shall include all costs associated with the services outlined herein. Costs sometimes separately billed as reimbursable costs shall be declared and included in the lump sum amount of this quotation. Payment shall be made to the Engineer on a monthly basis.

Invoices shall be provided setting forth the percentage of work completed to date, establishing the amount due based on the percentage completed, less any previous amounts. Payment shall be expressly contingent upon receipt of funds from the Department of Community and Economic Development.

MBE/WBE GOALS

It is the public policy of Perry County, to promote the opportunity for full participation by Minority and Women's Business Enterprises ("MBEs" and "WBEs") business concerns in all projects receiving federal funds from the United States Department of Housing and Urban Development which are administered by the Pennsylvania Department of Community and Economic Development.

Perry County has established a Minimum Participation Level (MPL) of five percent (5%) for Minority Business Enterprises and three percent (3%) for Women Business Enterprises participation on projects with CDBG, ESG, and/or HOME funding.

SECTION 3 GOALS

Section 3 24 CFR Part 135 has been updated to the New Rule, 24 CFR Part 75. The New Rule for Section 3, 24 CFR Part 75, is applicable for projects for which the total amount of federal assistance is greater than \$200,000. Section 3 does not apply to professional services; however, you are still encouraged to follow Perry County's Section 3 Action Plan for Section 3 and Targeted Section 3 Labor Hours. The new 24 CFR Part 75 rule does apply to construction contracts and the professional service provider is expected to assist with facilitation of these efforts for compliance. Professional Service firms who hire Section 3 or Targeted Section 3 workers can count those labor hours as Section 3, or Targeted Section 3, but should be excluded from the total number of labor hours. Benchmarks are only qualified as being met if Section 3 Laborer Hours = 25%, and Targeted Section 3 Labor Hours = 5% of the total number of labor hours.

QUOTATION SUBMISSION AND EVALUATION

Three (3) copies of the quotation must be submitted to:

Michelle Koslap, Program Analyst
SEDA-COG
201 Furnace Road
Lewisburg, PA 17837

Quotations must be received no later than September 30, 2025. **Quotations that are faxed or e-mailed to SEDA-COG cannot be accepted.**

Quotations will be reviewed and evaluated by Newport Borough and SEDA-COG. The evaluation will include the following areas in order of relative importance:

- Adequacy of quotation in the terms of addressing the needs that are set forth in the Request for Quotations.
- Relevant experience with PennDOT project and systems as well as past performance.
- Quality of previous work.
- Adequacy of resources/record of completing projects on time.
- Cost.
- Proposer's commitment to the obligations of Perry County's Minority Owned Business Enterprises and Women Owned Business Enterprises Action Plan.

Note: Cost is only one of several criteria to be considered in evaluating quotations. Accordingly, SEDA-COG will not publish quotation cost summaries. Proposers are, however, invited to attend the opening.

REQUIRED INFORMATION

Each proposer shall provide all information herein requested. Further, no quotation will be considered unless the attached Standard Form is completed in its entirety.

Each proposer shall provide a minimum of two references where similar engineering services have been performed during the past three years. These projects should be similar in design and scope. If the proposer is an MBE/WBE business concern, a certification form shall be submitted with the bid attesting to the firms' status as such. Firms may be requested to sit for interviews and/or negotiation of contract terms and fees prior to contract award.

If any part of the project is subcontracted, requires purchases for services, or requires hiring of additional employees, the proposers must submit documentary evidence of MBE/WBE business concerns who have been contacted and/or to whom commitments have been made. If no solicitation was made to MBE/WBE business concerns or residents, please indicate the reason(s). If there is no need for additional employees or trainees, or no need to contract for work, then the MBE/WBE requirements are not triggered.

Newport Borough reserves the right to accept or reject any and all quotations or to waive any irregularities.

Professional Liability Insurance is required for this project. Please indicate the level of coverage provided.

*Ethnic Code: A- Asian-Pacific Americans; B-African Americans; H-Hispanic Americans; N- Native Americans

MINORITY AND WOMEN BUSINESS ENTERPRISE BIDDER CERTIFICATION

The submittals of each bidder are subject to review to determine whether the bidder has discriminated in the selection of manufacturers, subcontractors and suppliers. If a bidder has met the goals for MBE/WBE participation, the bidder will be presumed not to have discriminated in their selections.

Where the goals are not met, the below statements, if accurate, shall be certified by the bidder:

1. The limited number or no commitment to MBEs/WBEs was not motivated by consideration of race or gender.
2. MBEs/WBEs were not treated less favorably than other businesses in the contract solicitation and commitment process.
3. Solicitation and commitment decisions were not based upon policies which disparately affect MBEs/WBEs.

By signing below, I certify that the above statements are true and accurate.
